

Traditional home comfort with lower heating costs, convenience and high-efficiency!

Value-for-your-money priced models feature energy and money-saving operating costs. Easily recessed or surface-mounted installation are great in homes, schools, cabins, apartments, offices and shops.

Heating rooms individually allows comfort in areas being used while saving fuel cost in unused areas.

For additional money-saving efficiency, install one of our optional blowers.

21,000 and 21,000 Blower

21,000 Blower

21,400 Blower

Fireplace-in-a-Furnace

An attractive innovation that captures the essence of the traditional fireplace and combines it with the convenience of a 21,000 Blower modern gas home heater.

Magnum Plus

Full cabinet for surface-mounting - 87" height

Dual-Wall Top-Vent

This high-efficiency 20,000 Blower dual-wall model, with patented energy maximizing patented draft hood openings, will heat two or more rooms, quickly and economically.

Electric Home Heater

For those areas where natural or propane gas is either difficult to get or is too convenient to install, we offer our automatic thermostat controlled Electric Home Heater. It provides low-cost, floor-to-ceiling comfort (21,400 Blower) and is ideal for basements and room additions.

20,000 Blower
